The benefits available to SICCMA members far surpass monetary value. By combining as a group, we also gain the ability to negotiate for better customer service and support including extended warranties, shipping discounts and training services. These additional benefits aid in improving your hassle free sales experience and most importantly, your trouble free work experience. In addition, the more we buy as a group, the more we strengthen our buying power and improve our pricing.

**A Full Range of OEM and After-Market Wear Parts**

The SICCMA guarantees all replacement parts to meet or exceed OEM specifications. In fact,

our wear parts manufacturers are the suppliers for many equipment manufacturers in the snow and ice industry. Going directly to the manufactures is the best way for us to save money while expediting the sales process and guaranteeing we get the best products available.

**Professional Customization of Plow Hitches and Other Equipment For Your Specific Truck(s)**

Order a front plow hitch or wing plow package knowing it's going to work safely on your truck! All Viking-Cives plow hitches and wing plow options are custom designed for your application and guaranteed to fit and work better than any other manufacturer in the industry. By utilizing your member profile to upload your truck pictures and specifications, Viking-Cives will work to design an option that works for your application when others won't.

**Additional Exclusive Services For The Convnenience of Our Members**

The SICCMA aims to provide additional services and programs to help members lower their bottom line while making it easier to manage a profitable snow and ice business. Here are a few of the services you can take advantage of as a SICCMA member:

- Snow Plow Equipment Demo Days
- Training Clinics on Techniques, Maintenance and more
- Commercial Auto Insurance Discounts
- Flexible Financing Options

These are just a few of the services you can take advantage of as a SICCMA member. The SICCMA management team is actively developing more programs and services for the convenience of our members!
